Miles clear in Global Sprint Challenge points and will collect a US\$1m bonus with a win here. Has won three Gr.1 sprints in Australia and was very impressive in latest victory in Sprinters Stakes (G1 1200m) in Japan. Successful in three continents (also won Gr.2 King's Stand Stakes at Royal Ascot), has reportedly settled in well in Hong Kong and is very genuine. Will be hard to beat if 100 per cent. Races prominently and best on fast ground.

Vastly improved for current stable this year, progressing from handicap ranks to make all on Gr.1 sprint debut in Prix de l'Abbaye from dual Gr.1 winner Reverence, Europe's champion sprinter. Abbaye form has yet to work out in Hong Kong and Desert Lord is best over 1000m: nine of his last ten starts have been at the minimum trip; he ran 3.5Ls last in sole 1200m attempt this year. Best on fast ground and makes the running.

Very consistent American sprinter; has finished out of the quinella just once in eight starts (failed to stay 1700m when unplaced). Set a Del Mar track record of 54.75secs for 1000m on his first turf start and decisively won Gr.2 Nearctic Stakes (1200m) in Canada at latest start. This may be a tough assignment for a 3yo but he is still on the upgrade, is adaptable on or off the pace and handles any ground (has won both turf starts). Goes well fresh also.

First broke through at Gr.1 level in the Doomben 10,000 in May 2005 and added another in the T J Smith (Gr.1-1200m) from a top field last April. This race has been part of a long-term plan, though he did well to run 4th having met with early interference last time in a Gr.2 over 1000m at Moonee Valley, a first run for 140 days. Best when fresh, on top of the ground and settles in rear. Raced in blinkers at last win.

High class and very versatile performer; once Classic-placed over 2000m and sole JapanGr.1 win came over 1600m on a sloppy dirt track in February 2005. Has recorded two JapanG3 victories over 1200m and did well to take 2nd in the Sprinters Stakes most recently behind Takeover Target (had the box-run throughout). Adaptable racing style, handles any ground and wore hood recently.

Ran 6th beaten 4Ls in this event last year and respectable 5th behind Takeover Target latest in G1 Sprinters Stakes, matching his best finishing position in four Gr.1 attempts. Ultra consistent in Europe this year from Listed to Gr.2 level, never finishing out of the quinella; sole win came from Sprint rival Desert Lord by a head; also ran a short-head 2nd to Takeover Target at Royal Ascot. Better form at 1000m, best on fast ground, leads or races prominently and usually blinkered/visored.

Tough, smart 3yo. Royal Ascot winner and Gr.1 Middle Park runner-up as a juvenile. Failed to stay in 2,000 Guineas (having won important 1400m Gr.3 trial prior) second up this year. Mostly kept to sprints since but has failed to finish better than 5th (beaten 3Ls) in any of the four Gr.1s contested. Best on penultimate start winning the Diadem (Gr.2-1200m) at Ascot despite hanging left. Acts on any going, best suited to 1200m, can race on or off the pace.

High-class sprinter-miler; has run 4th and 10th in the last two CXHK Miles. Has also won at Gr.1 level at 1000m and 1600m domestically. Most unlucky not to have won the Gr.1 Chairman's Sprint Prize in March, going down by a head having bled from both nostrils. Made a sub-par return when 8th in the CX International Sprint Trial latest and has to recover best form; sometimes leads but at least better than midfield, adaptable any going, usually hooded.

World's best sprinter in 2004 and 2005, taking in two CXHK Sprint titles, two Hong Kong Champion Sprint Series sweeps and Sprinters' Stakes in Japan in 2005 – but nowadays a comparatively diminished force: six defeats from six runs since February, however showed signs of revival in Sprinters Stakes in October and most recently in CX International Sprint Trial; acts on any going and races prominently.

Has developed into a top class sprinter-miler in HK. Career best when arriving late to take MBHK Classic Mile (Gr.1-1600m) last term, also ran a creditable 4th in MBHK Derby despite stamina concerns. Progressed further this term, first winning a Gr.3 over 1000m, then narrow 2nd at Gr.3 level at 1200m in a track record time in first two tests; a fraction below best under a penalty in the CX International Sprint Trial; comes from midfield or further back; best on top of the ground, tongue-tied.

Specialist at 1000m: followed up a fine 3rd in this race in 2004 at 65/1 when trained in Macau with a comfortable success in last years running at 27/1. Fared well to take 3rd in the CX International Sprint Trial on Nov 19. Worryingly, he has yet to finish better than sixth in seven starts at 1200m in Hong Kong and trailed in 15Ls behind after a wide trip on penultimate outing. Did win over 1200m in Macau. Races prominently and best on fast going, hooded for last year's win.

Very talented sprinter; once again proved his potency when fresh by taking out the CX International Sprint Trial on Nov 19, despite a limited preparation after injury. Ran 3rd in this race last year on his fourth start so no reason why he can't fare equally well here even if the stats suggest he is better at 1000m. Races prominently and has been successful on wet and fast ground; tongue-tied and blinkered.

Smart 2yo in Western Australia where he was a Listed winner and twice runner-up at Gr.2 and Gr.3 level. Very progressive in HK since the final day of last term, winning three times at 1200m and 1400m (latter pair of wins in very fast times). Fine effort in CX International Sprint Trial to get within a neck of Able Prince and is still on the upgrade. Likes to lead or at least race to the fore and best on fast ground.

Speedy mare; easily won the JapanGr.2 Centaur Stakes (1200m - 5th leg of Global Sprint Challenge) by 3Ls from Takeover Target in September. Contested the G1 Sprinters Stakes for a third time (never better than 7th) a month later and had every chance to figure but faded late to run 8th beaten 4Ls. Ran 3rd in Japan's only other Gr.1 sprint over 1200m last March and has added a JpnGr.3 dash since. Acts on any ground and races close-up.

Gr.2 winner over 1200m in Sydney before HK switch; ran 7th in this race last year but was often wayward and inclined to hang over 1000m. Much better suited by 1200m and he has won his last two starts at the distance for current trainer, including a narrow defeat (in track record time of 1 min 8.1 sec) of Sunny Sing from bottom weight latest having taken all the inside runs. Races held up; acts on wet and dry tracks. Fitted with side winkers for most recent wins.

Very smart sprinter; has arguably better form over the 1200m, the distance at which he won last term's Gr.1 Chairman's Sprint Prize from Scintillation (although the latter bled). Has failed to reach those heights since; most recently never very dangerous in 9th in the CX International Sprint Trial over 1000m. Usually settles around midfield but has won from the front also; has won on soft and good to firm.
